TRAIL WORK: McCords Woods is ready to be opened! The first major work party of the spring is scheduled for Sat., April 20th. Please meet at the Garnsey Road Parking Lot at 9:00 A.M. - if we have enough workers this long awaited connection between Kreag Road and Garnsey Road can become a reality. If you have any questions about April 20th, or anyother Trail work, please call Allan Donk (223-1427). Allan is still our acting Trail Boss - He could use some help.

ADOPTTEES: Those of you who adopted a trail section to maintain, now is the time to check it and report any major work to Allan. If a section is in need of major repairs, it will be added to our work list.
